

# Hi-Tech Park Information Management System

## The Business Journey

Bangladesh Hi-Tech Park Authority (BHTPA) has created an information management system for assisting investors of BHTPA. It's a **business journey** for an investor. This system brings all relevant information about starting a business under BHTPA and BHTPA itself as an agency and all its parks in one place, arranged in a very user-friendly manner.

This software can assist an investor with learning the steps, every agency involved in the steps and every document necessary for receiving a service. An investor can get all the information at a glance from this system. The investors can learn which things to do first and which documents to collect before working on the next step. It tells the investor which documents to submit, how much fee to pay, to which agency and even the physical location on the map. Information on all the parks are presented here to help an investor choose just by looking at the information presented here. This system can also connect an interested investor to BHTPA officials for further clarification and assistance in moving forward. This innovative software is the first of its kind in Bangladesh.

This software has been developed from the scratch, to meet the needs of BHTPA. When hosted in a touchscreen computer display, this software takes an investor through the journey from project registration to the production. A digital signage hosting this system has been developed for placing in key installations. We propose placing at least one such digital signage at all the international airports and all hi-tech parks across the country. We believe that it will help us attract both foreign and domestic investors to BHTPA.

**The unique features of this software are as follows:**

1. All information on Bangladesh Hi-Tech Park Authority
2. Touchscreen compatibility
3. Digital signage compatibility
4. Voice (English) guided exploration
5. Separate journey maps for foreign and domestic investors
6. Separate journey maps for established businesses and entrepreneurs
7. Steps arranged sequentially
8. Already contains 202 information pages. It's scalable, can add more information periodically
9. All type of investors like Foreign, Local and New Entrepreneur can see their journey at a look.
10. All parks information are available in single platform.

This is the welcome screen for letting foreign investors and domestic investors take different journeys.

This screen is shown to new investors and entrepreneurs who want to start a business under BHTPA.

Established businesses see this screen. It does not have the services that an established business already have, e.g. TIN, BIN, Trade License, Bank account, Company Registration.

## Space Allotment

- 
**List of Documents**  
 To be registered with BHTPA
- 
**Mode of Service**  
 Online
- 
**Applicable Fees**  
 1. Security 3 month rent  
 2. OSS Fee BDI 500 + 3 month rent + 15% VAT
- 
**Duration**  
 7 Days
- 
**Focal Officer**  
 Shahriar Al Hassan  
 Asst. Director (Investment)  
 Mobile no : 01716011212  
 E-mail : shahriar@bhtpa.gov.bd  
 Web : [www.bhtpa.gov.bd](http://www.bhtpa.gov.bd)
- 
**Name of Organization**  
 Bangladesh Hi-Tech Park Authority

 Location

For every service, name of the organization, the list of documents, mode of service delivery, applicable fees, delivery time and contact details of the focal officer are mentioned.

Sheikh Hasina Software Technology Park, Jashore	
Location	SadorUpazila, Jashore 2.4 km East from Jashore 8 km from Jashore Airport 12 km from Benapole the land port
